GIRBAU

LAUNDRY EQUIPMENT

MEDIUM LAUNDRY

KLOHR, WEINHEIM

In 1996, Stephan and Stefanie Klohr installed a laundry at the centre of Weinheim, in a house owned by their parents. A part from private household laundry, hotels, restaurants, senior citizens residences and sports clubs are among Klohr's customers.

The company prospered magnificently, so in 2006 it was necessary to renew and expand the laundry equipment. They equipped the "wet area" with equipment from Girbau company:

- Two HS-4012 washer-extractors,
- One HS-4022 washer-extractor and
- One HS-4040 washer-extractor.
